During the six months of Operation End Sweep, ten ocean minesweepers, nine amphibious ships, six fleet tugs, three salvage ships, and nineteen destroyers operated in Task Force 78 in the vicinity of Haiphong. The naval gun line concept was made possible with deep waters for larger vessels well away from both the shoals and enemy coastal artillery. After capturing the airfield, they rapidly advanced to the eastern end of Peleliu, leaving the island's southern defenders to be destroyed by the 7th Marines.
