### Andrea Mantegna Paintings

Tempera on canvas - Louvre Museum, Paris 1495-1505 Adoration of the Magi This image has a relatively simple composition as compared to many of Mantegna's works, setting the busts of five figures around the baby Jesus, set against a completely dark background.

### Paintings by Andrea Mantegna

The Estate of Andrea Mantegna and their presence hold all necessary copyrights and licences for all of his paintings and other works. . All the Paintings of Mantegna.

### Mantegna and Bellini review

Francesco II Gonzaga was a successful soldier, who also made money from leasing out the services of mercenary armies. The imaginary pavilion is decorated in high Greco-Roman style, with classical portraits on the ceiling, while the use of architectonic wall-decoration in and of itself harks back to the decoration of tombs during the classical era as 'rooms for the dead'. Yet there's a melancholy air to these ceremonies.

### Mantegna Exhibition

It shows a grown, bearded man in court dress but contains no trace of an arrow. The image of a ravaged body resonated with the Italian citizens of the fourteenth century, when the Black Death peaked in Europe, and Saint Sebastian remained an icon for centuries to come. Andrea spent the remaining years of his life in Rome, Mantua and Verona; it hasn't been confirmed that the artist also stayed in Florence and Florence.
