This is the highest honor that ASTRO bestows upon cancer physicians and researchers in disciplines outside of radiation oncology, radiobiology and medical physics. In addition to women with UFI seeking the opportunity to participate in the clinical trial, more than 70 women have expressed interest in donating their uterus so women with UFI may experience childbearing as they did. Highly respected in the field of cariology and a lifelong advocate and dental provider for individuals with physical, intellectual and developmental disabilities, Dr.
