This did not influence my thoughts regarding the work.

Book Review: A Concise Dictionary of Theological Terms

Its coverage is comprehensive and free of denominational bias. Peterson, authors of the companion textbook Christian Theology, provide definitions to over 300 common theological terms, making this dictionary a necessary tool for students, lay leaders, and anyone unfamiliar with theological words and concepts.

A Concise Dictionary Of Theology

Erickson PhD, Northwestern University has served as a pastor and seminary dean and has taught at several schools, including Southwestern Baptist Theological Seminary, Western Seminary Portland and San Jose , and Baylor University. This dictionary has been the single most helpful work of reference that I have used in my 10 years of studying theology.
