ADEA AADSAS: Admissions Officers

Call: 301-443-3612 Medical Student Education MSE Program We prepare and encourage medical students to become physicians in high-need areas. The curriculum focuses on developing leadership skills, education, advanced research, practice management, and dental hygiene knowledge.

Approved Educational Programs

The curriculum focuses on oral and clinical science, with an emphasis on health promotion and preventive, motivational and communication strategies. She was a longtime NIH researcher and a strong advocate for research training.

Enforcement Program

Nova Scotia Dalhousie University Faculty of Dentistry Dentistry Building 5981 University Avenue Carleton Campus Halifax, NS B3H 3J5 Tel: 902-494-1672 Diploma Options For revisions to the dental hygiene program information listed, or for new additions, submit the request by email to.

Medical and Dental Education Program

Technical Assistance PDF - How can I contact you? These professionals are required to complete a supplementary four years of training in addition to undergraduate coursework, making them highly qualified for the role.

Dentist Schools & Careers

Applicants may also need to participate in an interview. Call: 301-443-7121 Centers of Excellence Program COE COE funding goes towards recruitment, training, and retaining underrepresented minority students and faculty at health professions schools.

Admissions/Academics

When funding is available, you apply via grants. An RN and dental hygienist both have degree level options. Dental Assisting is a respectable

profession and dentistry is an exciting field to be in.

Career options

Although most dental hygienists work in private dental practices, they may also find positions available in community clinics, hospitals, schools, and prisons. While students may elect to complete an unrelated curriculum, those who choose pre-dentistry or a science-related major will be ahead of the pack when it comes time to meet prerequisite requirements.
