The Way of Zen

Ikkyu himself took the moniker Kyouin, or 'Crazy Cloud,' to describe his eccentric, nonconformist style of zen. You may revoke this consent at any time with effect for the future, in which case your personal data will be deleted immediately.

Zen

To forget the self is to become one with endless dimension, Universal Mind. If your family, generation after generation, passes away in the order I have named, it will be the natural course of life.

The Way Of Zen Summary and Review

Nonetheless Watts deserves all the praise for this book, even if we should not forget that it has been written more than half a century ago and under quite different circumstances. On the contrary, it suggests the freedom of clouds and mountain streams, wandering nowhere, of flowers in impenetrable canyons, beautiful for no one to see, and of the ocean surf forever washing the sand, to no end.
