Allocation*

Following the assumption that foreign aid is a tool for foreign policy, this article attempts to reconceptualise the donor-recipient country relationships by focusing on a traditional donor country, Japan, and an emerging global South donor country, China. An Empirical Analysis of the Impact of US Interests on IMF Conditions. What factors determine the allocation of aid by Arab countries and multilateral agencies? Economics and Politics, 10 2 , 127-142.

Foreign aid and political influence of the development assistance committee countries

International Studies Quarterly, 35 3 , 295-312.

From Domestic to International Justice: The Welfare State and Foreign Aid on JSTOR

As the new emerging donors abandon some of the classical foreign aid approaches and instead include approaches like aid with low conditionality and respect of sovereignty in their model, they are successfully challenging the traditional donors in development cooperation with developing countries.

The Political Economy of Foreign Aid: An Overview of the Carrot and Stick

Dead aid: Why aid is not working and how there is a better way for Africa.
