Getting things done in privacy protection Part 1: Blended Methodologies and some lessons from Europe about “learning and defining by doing”

Respect for individuals will be best served not by insisting on absolute privacy, which is unattainable in modern life anyway, but by seeking informed consent to reasonable use of health information under strictly delimited conditions; by safeguarding personal data carefully; by genuinely affording fair-information-use rights to data-subjects; and by enforcing sanctions against improper use.

Recommendation No. R(87) 15 OF THE COMMITTEE OF MINISTERS TO MEMBER...

Other criteria for notification will be found. See Gilbert, *supra* note 139, at 29. It is accepted however that domestic law or provisions in international agreements may dispense with the requirement of a reasoned request.

R(87)15

Westin, editor, *The Social Sciences, Privacy, and Genetic Information* forthcoming, Columbia University Press, New York, early 1998.

R(87)15

It should be borne in mind that, depending on the legal system in question, different police forces can coexist.
