## Seven of the Best Modernist Short Stories Everyone Should Read

The sinister tale builds slowly, refusing to offer any clear solutions — which makes the whole business even spookier. Regionalism was the most popular type of fiction in America for much of the 19th century. For your convenience, we've divided this post into two parts: 1.

## 13 Short Stories From Classic Novelists You Can Read Over Lunch

Susanna was a committed and thoughtful Christian, and after much soul-searching, she became a member of the Church of England and married a conformist minister called Samuel Wesley. He did so with regret: the patrician American admired in the English upper class its sense of obligation to the.

## 10 Classic Victorian Ghost Stories Everyone Should Read

In doing so, Doyle establishes an acute sense of realism in the tale, allowing the reader to feel as though the narrator can, in fact, extend beyond the page and come back to haunt them as promised. But modernist fiction had its origins in the short story form, and many of its finest statements about art and the world are to be found in short stories. The stories are easy to read.

Forster The Destroyers, Graham Green. Was it murder or was the killing of his fellow crew-members actually, oddly, a moral act? OK - 48 years since I read it.

## A 20

I wish I could hit upon a pleasant track of thought, a track indirectly reflecting credit upon myself, for those are the pleasantest thoughts, and very frequent even in the minds of modest mouse-coloured people, who believe genuinely that they dislike to hear their own praises. Other writers, including and , who had established their reputations during the previous century, and , , and , who established their reputations in the first decade of the new century, were less confident about the future and sought to revive the traditional forms—the , the narrative poem, the , the , the topographical poem, and the essay—that in their view preserved traditional and perceptions.

Perhaps that's why they're often melancholy. This story is about a young girl growing up isolated near a New England forest in close proximity with nature.

### **Twentieth Century Views**

She has dreamed of becoming an author from the time she could read, and spent much of her childhood stapling together her own little picture books. He prescribes copious rest, no excitement, no company, no work, and above all, no journal writing. Instead of curing her, her isolation in a room with ugly wallpaper, along with other factors, drives her slowly mad, and readers watch it all happen.
