The Voice In The Mix on Apple Podcasts

These are the famous lost songs recorded with the Band at Big Pink in 1967 and later bootlegged on The Great White Wonder and elsewhere. Or Apollo 14 astronaut Edgar Mitchell having ESP and contacting people from the moon? I told her that I had heard it as well. Resolution is allowed to be natural—neither wholly complete nor affecting melancholy to be thought profound.

The Amazing World of Psychic Phenomena (1976)

It's a wonderful and classic tale of a young couple in a newly purchased, and of course haunted house. But Mitch and Cathy Ballard are about to discover that there lurks in the shadows a nightmare beyond all imagining. Characters are thin but Martindale always keeps things unpredictable.
