16 THE FEASTS OF JEHOVAH. Job now turns to the present, which contrasts so harshly with it. A striking evidence that the act of seeing is not simply a mechanical or physical but also a mental process, lies in our deeming the sun and the moon larger in the horizon than in the meridian, whilst in point of fact they are equally large at all times ; but they appear larger behind hills and houses and trees, hence if looked at through a tube which excludes all other objects the sizes will appear precisely the same.

## The 'Evil' Mind: Part 4: The Terrifyingly Normal Roots of Evil

It is not merely that Christ never sinned, but in Him was no sin ; and I particularly press this. Light had come into the world ; and men loved darkness rather than light, because their deeds were evil That light was life, but with the testimony of John the Baptist, of Christ's work, of the Father, of the Scriptures, whence they thought they had eternal life, they would not come to Him, that they might have life.

But then comes the ground. Even beasts of prey have their beneficent share in the working out of the purposes of the universe, and they become as needful in their way as the harmless plant, which subserves the process of life in the animal kingdom. Man, also, was formed out of the primeval slime of the sea, and as a child somewhere he stepped on shore from some warm and shallow water, finding his food in worms, fish, fruit, and game.
