How to Prevent and Handle Internal Theft in Retail Stores

Hence, I was able to recognise them. Legally, for a dismissal to be judged fair, an employer must show that they carried out a thorough investigation into the matter before taking action. About Francesca Nicasio is Vend's Retail Expert and Content Strategist.

30 Loss Prevention and Retail Crime Stats for 2019

You will probably want to terminate the employee immediately. As a small business, you owe it to your employees to provide fair pay even if you cannot provide Costco-level pay and to do what you can to provide them with a happy work environment.

30 Loss Prevention and Retail Crime Stats for 2019

This form of fraud is dangerous. This type of fraud tends to be the most damaging for businesses.

Theft in The Workplace: Where the police don't take action

The attorney listings on this site are paid attorney advertising. If there's no state law that specifically allows or prohibits surveillance, courts determine whether an employee's privacy has been violated by looking at two competing interests: the employer's need to conduct surveillance and the employee's reasonable expectation of privacy.

6 Action Steps To Take When Confronting Employee Theft

Running a background check is a fairly standard process that will help you weed out any clear bad eggs up front.

Theft in The Workplace: Where the police don't take action

And 16% of the employers surveyed used video surveillance to monitor employee performance. In a union setting, an employee has the right to have a union representative or co-worker not a lawyer present during any interview that the employee expects could result in discipline. Data theft is increasingly common and just as, if not more, dangerous to your company.

Workplace Cameras and Surveillance: Rules for Employers

For instance, if you run a restaurant and you find that employees frequently steal food, consider setting up a system where employees can take home any food they want as long as it would otherwise go into the trash.

How to Prevent and Handle Internal Theft in Retail Stores

When the cashbox is checked out, the money in it is counted, and when it's returned, the money is counted again and compared to a sales report.
