Toward a new relational ontology in global politics: China's rise as holographic transition

Journal of Conflict Resolution, Vol. As the global population continues to grow and sustainability becomes increasingly precarious, Marxism remains a relevant topic of discussion for those who advocate the prioritization of human needs over private profit. The rising power of China, India, and other non-Western states presents a challenge to the old American-led order that will require new, expanded, and shared international governance arrangements.

Toward a new relational ontology in global politics: China's rise as holographic transition

For an important reinterpretation of the Westphalian settlement, see. While those opposed to Textit would love to think that disruption cannot be avoided or even mitigated as Texas leaves the Union, they are dead wrong. Come with one or two alternative choices.

Power and liberal order: America's postwar world order in transition

More generally, the growing disparities of power between the United States and other major states generate incentives for the unipolar state to renegotiate the old security and economic bargains. Diplomacy, Reputation, and Mediation Andrew Kydd. Power Transitions: Strategies for the 21st Century.

Civil Wars, Ethnic Conflict, and Terrorism Ethan Bueno de Mesquita.

The determinants of war in international relations

This work details historical cases of power transitions and compiles advances made in the power transition research paradigm, including the

likelihood of conflict based on the speed of transitions and the notion of multiple hierarchies within the global hierarchy, as well as exploring the conditions under which nuclear deterrence is stable. Nevertheless, Biden has the opportunity to improve, if he chooses, the deteriorating U.

balance of power

Power and interdependence: world politics in transition

In the background, the postwar rules and institutions, political bargains, communist threats, shared visions, and communal bonds that shaped and sustained this United States-led order appear to be eroding.
