## The, Comanche, And Apache Plains Indians

Both types of homes were small and cozy. By about 1725 the Comanches had established authority throughout the whole of the Southern Plains region, pushing the Eastern Apaches the Jicarillas north of Santa Fe, and the Mescaleros south of Santa Fe into the mountains of the front range of the Rockies in New Mexico. They stole horses to ride and cattle to sell, often in return for firearms.

## Apache Captives' Ordeal

Graphics may not be used or reproduced without prior permission. Alcohol, though long known to the Apache, has not always been a destructive force. These families would live near each other in a local group which had a chief as the leader.

## Origins of the Apache Indians

Many lived on isolated ranches, until drought began making sheep raising unprofitable. Some also live in Oklahoma and Texas. In 1951, historian Muriel Wright estimated their population in Oklahoma at approximately 400.

## The, Comanche, And Apache Plains Indians

Approximately half of the land is timbered; there is diverse terrain with different ecosystems depending upon the elevation, from 2,700 feet to 11,500 feet. Army with distinction in the World Wars. They came in Chinese ships via Alaska.
