Alter Ego by Kate Sheeran Swed, Paperback

Packaging should be the same as what is found in a retail store, unless the item is handmade or was packaged by the manufacturer in non-retail packaging, such as an unprinted box or plastic bag. So when a potential recruit blazes a trail through a local bar—literally—Mary blows off league protocol and whisks the girl off to HQ. Focusing on the first ten years after the war, editors Hand and Katz bring together diverse scholars whose essays will engage students and scholars of French and Jewish history.

Alter Ego: The Critical Writings of Michel Leiris by Sean Hand

As conspiracies pick her family apart, Mary must question everything she's been raised to believe—and what it really means to be a hero—before her fiery enemy sets his sites on the rest of the world. He turned abstractions like Existence and Being, Freedom and Nature, into a theory of psychoanalysis, grounded in man's creativity and opposed to Freudian determinism.

Created over a period of several millennia in a vast range of techniques and materials, and extending to every field of human activity, African artefacts are newly all essentially functional, but at the same time they can stand as pure works of art in their own right. He has published on Michel Leiris, Emmanuel Levinas and contemporary aesthetics and ethics.

Mary's got a penchant for gadgets, a resume packed with criminal-busting credentials, and a reckless streak that tends to land her in trouble.

Alter Ego by Kate Sheeran Swed, Paperback

But Mary's got no intention of benching her grapple hooks; she chases her own leads through a web of secrets that threatens to unravel her history with the league. Hand defines and situates Leiris's core themes, analyses his criticism in each of the art areas examined, and delineates the model that emerges of a contrapuntal and heterogeneous critical identity. Also here are evocations of Paris under the occupation, his journey to Africa, and meditations on his fear of death, which he tried to exorcise through his autobiographical writings.

With contributions from leading scholars, including Edward Kaplan, Susan Rubin Suleiman, and Jay Winter, the book establishes multiple connections between such different areas of concern as the running of orphanages, the establishment of new social and political organisations, the restoration of teaching and religious facilities, and the development of intellectual responses to the Holocaust. Katz is Slater Professor of Jewish and Holocaust Studies and former Director of the Elie Wiesel Center for Judaic Studies at Boston University.

Post

The wide range of topics Leiris addresses in these fifty-one essays gives testimony to the vast arena of his curiosity. While writing the present book he was a Leverhulme Research Fellow. Seán Hand is Professor of French at the University of Warwick, UK.
