The prairie traveler (1993 edition)

The track is broad, well worn, and can not be mistaken.

Prairie Traveler Marcy Handbook Overland Expeditions Classics Old West Time

Almost all people in different parts of the world have their own peculiar methods of bivouacking. A spot should be sought where the bed of the stream is firm at the place where the animals are to get out on the opposite bank.

Prairie traveler (1859 edition)

During the few seconds that it took him to take the cedron from his bag, he was seized with violent pains at the heart and throat; but he had scarcely chewed and swallowed a piece of the nut about the size of a small bean, when the pains ceased as by magic. Another remedy for the same thing is to take off the wheels after encamping, sink them in water, and allow them to remain over night.

The Prairie Traveler: A Hand

These simple expedients contributed greatly to the comfort of the party; and, indeed, I am by no means sure that they did not, in our straitened condition, without the transportation necessary for carrying disabled men, save the lives of some of them.

Another method practiced a great deal among mountain men and Indians consists in placing several rough poles equidistant around in a half circle, and bringing the small ends together at the top, where they are bound with a thong.

Prairie Traveler, First Edition

The allowance of provisions for each grown person, to make the journey from the Missouri River to California, should suffice for 110 days.
