This loom relied upon punched cards to program the complex orchestration of threads into wonderful patterns; the cards later inspired the computer punch cards of the mid-20th century. It linked up some of the greatest civilizations of the ancient empires like India, China, Rome and Persia. The king's official cap is like the wings of a bird, and pearls are sewn on it; his garments are of embroidered silk, but there is no lapel in front.

Buddhism and its spread along the Silk Road

Arabic was the language used for trade and government. It is better to connect to the peoples and cultures around them and to participate in the commerce of nations than to withdraw from such interchange. The population increased and the capital of Kaifeng became a manufacturing center for cannons, movable type printing, water-powered mills, looms and high quality porcelain.
