The Selected Poems of Tu Fu

His poetry prominently features themes of morality and history, and is known for its adherence to strict structural forms. This poetry reflects one of the poetry world's more important flowerings, as well as being a unique period in Classical Chinese poetry, which, over this time period, developed a poetry with special emphasis on romantic love, gender roles, and human relationships. His simple, direct, and unmannered style was at odds with the norms for literary writing in his time.

The Selected Poems of Tu Fu

Preninent translator Burton Watson has selected 127 poems, including those for which Du Fu is best remembered and lesser-known works.

Burton Watson: The Selected Poems of Du Fu

The poems are preceded by a chronology and an introduction sketching Du Fu's life and identifying the main characteristics of his works: there are no particularly penetrating insights on offer here, but this is a useful summary for those not yet familiar with him. Various later editions also exist. However, regardless of the chronological difficulties, major developments of poetry during the Six Dynasties include formalizing the distinction between the Jian'an era regular yuefu and the shi style poetry, further development of the fu, theoretical work on technique, and the preservation of both Six Dynasties and earlier poetry by collecting and publishing many of the pieces which survive today into various anthologies consisting all or in part of poetry.
