The first benefit to using them is better communication from training to combat, said Matt Walker, a retired Army command sergeant major who is now the deputy director of the lethality branch at the Army's Maneuver Center of Excellence. Only military and law enforcement personnel are authorized to use them. After 2010, media sometimes preferred suppressor, and sometimes said silencer was wrong, but almost always only when the topic was advocacy or op-ed to change the laws restricting silencers in the US.

Harlem Renaissance

. I made several legal suppressors.

Silencer (firearm)

A good quick read as well Far from a shining example of literary excellence, but is enjoyable for what it is. Much less an issue in a jacketed bullet. I checked it out and the patent is correct, but that can't be the earliest use.

The Writer's Odds of Success

Furthermore, the citation to some material was added nine years after the material itself was added. It took me months, and when I was done, I could read, and I had indeed been given a brother—two, in fact, and I have visited with them every year since my eighth birthday. She has suffered in silence, never letting any of them know how much she has been hurting.
