### Biografia de Paul Valéry

In my own experience, a phrase will wait decades for a poem to form around it. The poem is not about , but it does try to address the relationships between destruction and beauty, and, in this sense, it resonates with meditations on these matters, especially in the plays of and. If

there is an objection to be made to Valéry, it is a milder version of the objection we make to Rilke: that the dedication to art verges on preciosity.

### Paul Valéry

Authors' Calendar jonka tekijä on Petri Liukkonen on lisensoitu. When, in 1917, he finally broke his 'great silence' with the publication of *La Jeune Parque*, he was forty-six years of age.

### Paul Valery

Between the years 1957 and 1961 the Centre National de la Recherche Scientifique published a facsimile reprint of his *Cahiers*. Les Cahiers dans lesquels il s'astreint à noter toutes ses réflexions au petit matin en témoignent. Translation gives us the chance to approach it with fresh eyes and fresh ears.

### Paul Valéry: poemas, ensayos y cuentos

We must try to live! Around 1898, his writing activity even came to a near-standstill, due partly to the death of his mentor Stéphane Mallarmé and for nearly twenty years from that time on, Valéry did not publish a single word until 1917, when he finally broke this 'Great Silence' with the publication of *La Jeune Parque* at forty-six years of age. Valéry is best known as a poet, and is sometimes considered to be the last of the French Symbolists. Its aim is to help students realise their own ambitions, allowing them to open up and develop a place for creation, as well as cultural

and campus activities.

## **Paul Valéry University, Montpellier III**

In his most famous poem, 'Le Cimetière marin,' the poet meditates as he looks at the cemetery by the sea at Sette where his parents — and he himself ultimately — are buried. Un autre grand poème suit quelques années plus tard, 1920 , puis un recueil, Charmes 1922. Elle sera considérée comme l'« Anne Frank française ».
