any part of this recruitment process, or wish to discuss how we will support you if you were to be successful, please email as soon as possible and a member of the team will contact you to discuss your requirements and any questions you may have. We want to see the Welsh language thrive and encourage those that speak Welsh alongside English to use it in their day-to-day dealing with us.

## Research and Development

Principality has already shown its commitment to supporting the Welsh language, having established a Welsh language contact centre in Bangor and supporting the National Eisteddfod. Welsh Data Science Graduate Programme: Unique to Wales, this innovative new programme is managed by the and delivered by global employers and academia in partnership with the Office of National Statistics.

## Research Infrastructure Lead

We are committed to the employment and career development of disabled people.

## Graduate Programme Wales

The context was policy in Wales. The Centre is able to tailor courses for particular sectors and employers and offer flexible learning options to suit learners. Over two years, the Programme will provide highly valuable work experience through three industry placements rotating across three different participating employers.

## Fast Track Data/AI Graduate Programme

## Research and Development

If you have an impairment or health condition, or use British Sign Language and need to discuss reasonable adjustments for

There is strong potential for gaining experience of building effective collaborations and developing strong partnership working both within Wales and across the UK.

### **Graduate Programme Wales**

The authors discuss issues which can impact on the pace of change, and ways in which health and care staff can effectively work together to implement improvements. Our first phase was to open the Public Gallery for observing Plenary. We look forward to continuing to work with Principality to support colleagues on their language journey.
