Samaveda

Samaveda inneholder mange av de samme tekstene som Rigveda, men organisert i en annen rekkefølge.

The Sama Veda

The Collection is made up of hymns, portions of hymns, and detached verses, taken mainly from the Rgveda, transposed and re-arranged, without reference to their original order, to suit the religious ceremonies in which they were to be employed. In sweetest and most gladdening stream flow pure, O Soma, on thy way, pressed out for Indra, for his drink! Who tune themselves with the Dharma? Indra here was not just a title but he was the God of War and weather in the Aryan traditions. By men hath Indra been advanced, the Vritra-slayer, to joy and strength.

Veda

Please also read the other articles in the series to gain a broad outline of the Music traditions of India. The hymns in Mandal are called Sukta and the further divisions of Sukta are called Richayen. Sam Veda is considered to be sung by Udgata.
