### Make Your Own Juggling Balls (Kids will need help from an adult for this project)

Stretch the tape just enough so that it goes on smoothly, but not more, or the tape can move about a bit leaving sticky glue exposed. Finish your creation with a coat of high gloss optional. Make your own circus decoration like this DIY Ferris Wheel It is very funny to buy nice things but there is even more fun to do it your self.

### MPLS Home

Next is to make the actual see-saw. It's really easy and free! If you're really stuck, there's always formats you can follow, like simply rhymes or typing the poem to make a shape like a heart. Copper wire - various thickness and sizes 3.

### Top 10 ideas for creating the best circus room for kids

When you get an idea for something you want to have, it can sometimes be hard to find that specific product.

### Make Your Own Flea Circus : 15 Steps (with Pictures)

These will be the braces to hold the copper tubes into place. Draw your own or print out these.
