History of Romney Marsh

The Danish fleet of 250 ships sailed right into and took the fortress at allegedly built by , which they destroyed.

History of Romney Marsh

It is mainly confined to areas without

Filesize: 18.810 MB

underdrainage. One of these, is closest to its original condition, and has its cannon. The marsh has since become covered by a dense network of drainage ditches that once supported large farming communities.

Soils Guide

But these yeomen or franklins, the most useful and profitable set of men that this kingdom has in it, become fewer every year, and if luxury and the monopoly of farms increase, as they have within these few years past, they will be very soon extirpated, not only from this county, but from the kingdom in general. The , a 15 in 381 mm-gauge miniature railway and the only miniature railway in the British Isles ever to have been incorporated under the , has been operating along the Romney Marsh coast since 1927.

Romney Marsh

Now, only the ruined west wall of the church remains.
