The first confirmed mention of a Muslim community came from Marco Polo, the well-known traveler, who stopped in north Sumatra in 1292.

**SOUTHEAST ASIA: AN INTRODUCTORY HISTORY (12TH EDITION):OSBORNE, MILTON**

The first edition of southeast asia an introductory history was published in 1979 and immediately filled a need for travelers and students interested in a tantalizingly different part of the world subsequent editions have continued to document with great perception the enormous changes and dramatic growth experienced in the region.

## Southeast Asia

On the negative side, this book is in dire need of an editor. This is a bit disconcerting.

**Southeast Asia: An introductory history: Osborne, Milton: ne-x.uni.rf.gd.au: Books**

Having travelled throughout the region over the past 25 years, reading this book was like solving small little mysteries as to why some of the countries are the way they are. After these countries gained their independence following World War II, the major question for politically active Muslims has concerned the relationship between Islam and the state. No part of this excerpt may be reproduced or reprinted without permission in writing from the publisher.

Across the region there were individual immigrants from India and China too, as we know from contemporary popular political discourse, immigrants are horrible and ruin everything for everyone, so here too down to the present day such immigrants run shops in rural areas, are money lenders, or miners, or casual labourers and generally carry out various specialised economic or social tasks.

## **SOUTHEAST ASIA: AN INTRODUCTORY HISTORY (12TH EDITION):OSBORNE, MILTON**

Milton Osborne has been a resident, student, and fascinated observer of Southeast Asia for more than 40 years. The sense of Southeast Asia being a geographical and cultural unit did not, of course, depend solely upon strategic thinking.

Subsequent editions have continued to document with great perception the enormous changes and dramatic growth experienced in the region. I will continue my search for histories of this region that are a bit more fun to read. In the early stages of conversion, trade passing from Yemen and the Swahili coast across to the Malabar Coast and then the Bay of Bengal was also influential, as well as the growing connections with Muslims in China and India.
