## Battleground Europe

Undoubtedly, slum clearance did break up existing communities, but there was little alternative. The mass-produced box house reproduces an arm's length familiarity among neighbors.

## Public Housing in Poplar: The Inter

The chapter argues, too, that recruitment levels in Winchester remained impressive and that the authorities greatly overstated the number of men who had held back from enlisting. The area of the Hamptons where the houses are built is called Sagaponack, but Brown named his development Sagaponac without the k. Battalions gave way from time to time to their feelings by vociferous cheering, and as one passed barrack-rooms the vocal evidence of satisfaction were volleyed out of the windows in unmistakable fashion.

Poplar, along with many other councils, soon found that this was an unrealistic figure and adopted 25 per cent of exclusive rents as a new basis for providing for the costs of repairs. ### **Battleground Europe**

At public meetings bands played the national anthems of all three allies, while speakers praised France and Russia for their contribution to the war effort and their 'intellect and character'.

### **To what extent and why did the voluntary ethic characterise Winchester's response to war in 1914 and 1915?**

The postwar suburb homogenizes a group of strangers through exterior repetition and erodes presumptions of interiority. A convoluted apology, but not without meaning.
