## 西嶋愚道 和夫 Nishijima Gudō Wafu

We have been prone to spent thousands years at least misunderstanding that we were just living in the curious or strange fantastic worlds of idealism, or materialism, without noticing the real facts at all. Buddhism should always be experienced and entered by act itself. He was very popular on Earth, but he didn't notice it.

### The Brief history of TOFUKU

Can we be permitted to become stagnant? This is 22 meters high and two-storied. What he realized at that time, can never be supposed by Buddhist monks, who have only interest in listening to theoretical Buddhist teachings, or who like only to live in quiet and natural circumstances. He represents the body aspect of Kakure style ninpo.

### Ninja Gattai Muteki Shogun

These 2 notions are for westerners very separated.

### The Brief history of TOFUKU

Is it possible for us to believe in the only one possibility of the Truth in the human societies like this? From the beginning, Buddhism has kept those two kinds of situations, but in the case that we are not the authentic successors, it is impossible for us to know the such a kind of secret at all.

And this idea is very important. And Gautama Buddha says that if we practice Zazen, the effect of Zazen exists just in the practice itself. Thinking about such concrete and real examples, we should think about the problems sincerely, and we should never study Buddhism under a wrong Buddhist teacher.
