Leftists have largely varying views on the USSR. Moreover, to these historians a certain systemic rationale existed for the apparently irrational waves of repression, one linked to center-periphery conflicts, interelite rivalries, and the chaotic and dysfunctional elements of the highly bureaucratized regime. While resources such as oil, timber and uranium initially made gaining access to other Eastern Bloc economies attractive, the Soviets soon had to export Soviet raw materials to those countries to maintain cohesion therein.

End of the USSR: visualising how the former Soviet countries are doing, 20 years on

This was a time of relative freedom and experimentation for the social and cultural life of the Soviet Union. They were supported by K. Accordingly, although personal expressions of religious faith were not explicitly banned, a strong sense of social stigma was imposed on them by the formal structures and mass media, and it was generally considered unacceptable for members of certain professions teachers, state bureaucrats, soldiers to be openly religious.

10 Most Popular Socialist Leaders Around the World

Closely associated with problems of atheistic propaganda and the elaboration of methods of bringing up the young generation in the spirit of scientific atheism is the investigation of the social, epistemological, and cultural factors in the formation of a materialist world view among the Soviet people. In December 1936, Stalin unveiled a new that was praised by supporters around the world as the most democratic constitution imaginable, though there was some skepticism. Industrial output increased by 48% and agriculture by 17%.
