## Mary Poppins Mary Poppins Comes Back, First Edition

They didn't even seem surprised in the end when she suddenly left them again. Maybe this behavior is explained in future volumes but I don't think I have the stomach for more.

## Mary Poppins Comes Back (Mary Poppins, #2) by P.L. Travers

If you can go everywhere you want, where do you want to go? If you've seen the Disney movie, you could easily pick up this book and start from here; if you know nothing about Mary Poppins Most people are pretty familiar with the Disney version of Mary Poppins. What story do you want to get in? My all time favorite Mary Poppins book.

## Mary Poppins Mary Poppins Comes Back, First Edition

There are hints that Mary Poppins can be a wonderful, charming person dancing in the stars, upside-down tea parties, though never in relation to the kids , but then they're squashed when she immediately turns on anyone who dares intimate that anything extraordinary could possibly have happened, despite the hints that inevitably turn up on the last page of every chapter.

I also like her vanity, checking herself in windows everywhere she goes, haha! I was surprised most of my friends don't know this story. I don't believe I will read any more of the series.

## Mary Poppins and Mary Poppins Comes Back by P.L. Travers

The chapters are episodic, and a couple of them reminded me of chapters in the first book. However, there is more, of course. Why has she come back? Many of the adventures in the books begin with the children following a creature or wandering off on their own to somewhere amazing without Mary, and then discovering she is already at the party.

## Mary Poppins Comes Back (Mary Poppins, #2) by P.L. Travers

May show signs of minor shelf wear and contain limited notes and highlighting. Also some of the plot outlines are similar but these are all minor things in the grand scheme. Banks what to do sometimes! Travers was a rather difficult woman who seems to have an unhappy disposition.

**Mary Poppins: Mary Poppins Comes Back (Hardcover)**

She finds it open to her when she arrives, and steps back into place as if she never left, welcomed as the only one who can rest Had the collection of all the Mary Poppins stories as a child and read them many times. I will not be recommending this series. This part was so magical and eerie and left you with a feeling of not knowing what on earth just happened.
