London's archaeological secrets: a world city revealed

Like many prehistoric artifacts, the cultural meaning may never be known. The extraordinary preservation is owed to a forgotten little stream called the Walbrook, which flowed through the heart of Roman Londinium on its way to the Thames.

London's archaeological secrets: a world city revealed

I was in : the wild heartland of Scotland. Full name Alexander Armstrong, he was the last chief of the all-powerful Scottish Armstrong clan in the Debatable Lands, and a much revered and feared reiver. About 60 feet long and 26 feet wide, the Mithraeum is large compared to most Mithras temples, and visitors are able to move over the ruins and around its perimeter on an elevated walkway.

The Havering Hoard: Baffling Bronze Age Artifacts Found in London

On another, later, occasion the dedication consisted of a beaker with ring and dot decoration that contained a brooch. If and when it is, it is anticipated to be among the greatest archaeological discoveries of all time. The were warriors dedicated to protecting Christian pilgrims to the Holy Land during the.

Once lost archaeology revealed by satellite images and aerial photography

Sometimes they'll include recommendations for other related newsletters or services we offer. Simon Markus, Project Manager at MOLA, revealed discovering such a wealth of artefacts was incredibly unusual. Some of the locals will tell you the answer lies beneath the earth in the form of powerful and their intersection with the Greenwich Meridian, which passes through the centre of town.

The Havering Hoard: Baffling Bronze Age Artifacts Found in London

Sutton Hoo is regarded as one of the most important archaeological finds ever in the UK.
