Small Is Beautiful. A Study of Economics As If People Mattered

I baised, my economic philosophy is very much in agreement with Schumacher. These questions are where Schumacher particularly shines, explaining a need for intermediate technologies to improve the quality of life for everyone and not just investments which only improve the quality of life for the highest classes and leave the lower ones even more destitute. .

Small Is Beautiful: Economics as if People Mattered by Ernst F. Schumacher

While the book was published in 1973 I think I had the notions in my mind even before that.
