## contents

This jet was first delivered in September 2011 to All Nippon Airways ANA. Moreover, the animated series that immediately followed the 1989 Batman would go on to largely draw from this Batmobile's design. Same thing with a rocket.

## The mismeasure of machine: Synthetic biology and the trouble with engineering metaphors

For now, though, you can update your Batmobile rankings to show which Batmobile you feel is best.

## Google Not Giving Up On Drones Despite Project Wing Flop

The series chose the 1939 Cadillac Series 75 convertible, originally designed by Harley Earl of General Motors.

## Demoiselle (FG)

Success would have been nice, but success is very rare in the aircraft business. Adam West's iconic performance as Batman brought Gotham and the Batmobile to a whole new audience.
