The Fauna of Mirrors, by Borges

The north pole is at the center, and there is no south pole, only a frozen polar rim that protects us from the edge of the world. .

Feeding My Enthusiasms

I was making mine to share. Come and join us on this journey as we delve into the great depths of creation and inspiration. Add a little more milk or flour, as required to achieve this consistency of dough.

A brief history of American pseudoscience

Most believed science and the scriptures to be harmonious.

Feeding My Enthusiasms

Place this at the edge of the second strip and continue rolling till you have one thick roll. One of the reasons I chose it is because, once baked, it keeps for a week, meaning there is a treat waiting at tea time for that long without heating up the oven again, especially since it is a 2-pound loaf.

A brief history of American pseudoscience

The reason, of course, is convenience: on the web, the GIF, and especially the animated GIF, is the only video format that runs everywhere, runs automatically, and loops. I immediately thought of Dorie Greenspan's recipe for dimply plum cake. You could also try maple sugar instead of cinnamon sugar, you could use granulated sugar worked together with a citrus peel like lemon or orange.
