### Hidden secrets revealed in microscopic images of ancient artifacts

Στο Περού, ο ακτινοβόλος βράχος του Ύλο έχει στην επιφάνειά του μια δυσανάγνωστη επιγραφή. The first layer was a 60-foot base of steps, followed by a middle layer of 36 Ionic columns and a stepped, pyramid-shaped roof.

### Welcome to A+E Networks

According to legend, the sculptor Phidias asked Zeus for a sign of his approval after finishing the statue; soon after, the temple was struck by lightning. Was it part of an oral history that was passed down from generation to generation in Egypt? Παράλληλα πιστεύει στο αφήγημα των Υπερβορείων λαών, μια φυλή εξωγήινων, προγόνων των Κελτών, που κατοικούσαν στη λεγόμενη Χώρα των Γιγαντών. This remarkable document from a 4,500- year-old piece of papyrus, is finally helping unlock the deepest secrets of this super-sized monument.

## Lost Treasures Of The Ancient World

Designed by the sculptor Chares, the statue was, at 100 feet, the tallest of the ancient world. Παράλληλα παραχωρεί και έναν φόρο τιμής στους λαούς της Αφρικής και στον πολιτισμό που ανέπτυξαν. His works have been described as.

## Lost Worlds

Archeologists have found ancient coins on which the lighthouse was depicted, and from them deduced that the structure had three tiers: a square level at the bottom, an octagonal level in the middle and a cylindrical top.
