## Decentralization and Local Autonomy

Finally, we are currently experiencing the third and current wave of LED evolution World Bank. But developing word lacks proper tax autonomy because of the unwilling political elites and capacity problems. The three are basically inclined to the key variables of the study, helped to underpin the study and were of use in discussing the findings in section four.

## The challenges of fiscal Autonomy and Financial Accountability at Local level Governments

One is in the area is finance for the general research.

## Local Government and the States: Autonomy, Politics and Policy

Furthermore, the level of development a given state enjoys depends largely on the quality of its intergovernmental relations.

## IGR: The key to genuine and meaningful local autonomy

The fact is many Filipinos today are utterly exasperated at the fact that despite the mandatory prescription of local autonomy in the 1987 Constitution, the national government still has an overly dominant role in the management of state affairs. This trend must be supported by financial empowerment of local bodies and accountability mechanism at local level. The councils have ceased to be the centres of grassroots development they were conceived to be.

## Local Government Financial Autonomy in Nigeria

The CSOs should declare funds allocated by donors for development so that the districts can harmonise their plans with the plans of the CSOs to avoid duplication of development efforts. Decentralization and Corruption: Evidence across Countries.

## **DECENTRALIZATION, LOCAL GOVERNMENT AUTONOMY AND GRASSROOTS DEVELOPMENT IN LIBERIA**

It is also worthwhile to note that a neoliberal approach facilitates the adoption of entrepreneurial values of competitiveness and decentralisation, which is the bedrock of a pro-poor LED support initiative as it will open up opportunities for locals to participate actively in economic activities for poverty alleviation in a liberalised economic dispensation Nathan. Passers-by relieve themselves in open drains. They confirmed that less than 5% of the statutory allocation accrued to the local governments under consideration is being expended on infrastructural development, while over 10% is used for personnel expenditure as the cost of delivering infrastructural development by local governments in Nigeria.
