## Arshile Gorky — vanguardgirl

By the 1940s he was known as a surrealist painter and is considered to be the important bridge and direct link between European Surrealists and U.S. Included in the exhibition are numerous paintings and drawings of the Pastoral Series of 1946-47.

### Artist

While not precisely a copy of Cézanne, it is a careful study of the artist's style of geometric abstraction that was part of the modern movement in Europe, pointing to Gorky's desire to actively absorb styles and movements of the past in seeking his own individual style. Other Notes: Tags: The Berry Collection, Irascibles, Abstract Expressionism, Abstract Expressionist, works on paper, 20th century, post war, American, New York school. Here, Gorky successfully deploys the language of pure abstraction with biomorphism along with a more literal representation of the United States with flight paths relevant to Newark.

## Arshile Gorky: The Man and his Art

Arshile Gorky was an Armenian-American painter, who had a seminal influence on Abstract Expressionism. Arshile Gorky was an Armenian-American painter, who had a seminal influence on Abstract Expressionism. His work is also significant because it so directly reflects the cultural and historical milieu of New York in the 1940s, where avant-garde artists from both the United States and Europe converged, and of the postwar period in general, when existentialist philosophy prevailed.

## Arshile Gorky — vanguardgirl

His early work was strongly influenced by Pablo Picasso and the European. He even claimed to be a Georgian noble related to Maxim Gorky, a Russian writer.

### Catalogue Raisonné

Ethel Schwabacher has also identified the centrally located image of an elegant shoe that Gorky's father supposedly gave him before he left Armenia.

### **Arshile Gorky: Interesting Facts**

His works may well have been influenced by the suffering and loss he experienced during the Armenian Genocide, recently acknowledged by Pope Francis.

### **The mysterious art of Arshile Gorky**

Signed: Gorky, in the upper-right. Among the work was a set of murals for the Newark, New Jersey airport. Ex-collection O'Hara Gallery, New York, with label on the frame back; private collection, Sag Harbor, New York; thence by descent to the current owners, private collection, New York.
