## Social Stratification and Inequality: Theories of Stratification, page 2

When budgets are tight, lower-middle-class people are often the ones to lose their jobs. It was also pointed out at this UN session that Women continued to be because of measures imposed in certain countries. Women have been serving India admirably as doctors and nurses.

## The Sociology of Social Inequality

These analyses can be considered as a test of one component of the relative deprivation hypothesis. His job, which is crucial to the business, is considered lower class. Inspection of smaller spatial units showed that high-grade participants tend to live in the less-deprived parts of those deprived wards.

## Social Inequality

Various studies indicate that when women get senior positions, companies become more profitable.

## EDUCATION OF THE DEPRIVED/ MARGINALIZED GROUPS

There are those born into marginal groupings e. Sample Essay on Effects of Gender Inequality in Society There is a lot going on in our communities on daily basis.
