This database will eventually contain details of all documents in series E 179 relating to lay and clerical taxation in England and Wales between the thirteenth and seventeenth centuries, providing accurate and up-to-date information on their nature and contents, and indexes of all place-names contained within them. I just love the walls here, and their mysterious doors.

GENUKI: HIPPERHOLME

Bedingfield Heigham was a London merchant. Back at Stirk House, I took the nature walk around the grounds while some of the cousins went to visit Twiston itself in a cab.

Hearth Tax: 1662 to 1689

From that time the manor has remained a part of the lordship of Clitheroe. The government sought to raise this money by a means which had no Commonwealth links such as the excise or the assessments and the MPs ensured that it did not impinge too heavily on those with land and personality such as themselves.

GENUKI: Betley Hearth Tax 1666, Staffordshire

One, published in John Wilson's A History of Whitefield 1979 , is that the name is derived from the Flemish weavers who used to lay out their fabrics to bleach in the sun a process known as.

Kay Family Association UK

It passes close to the brooks named near their junctions, and is joined by the Blackburn Road from the west, while the Burnley Road goes off from it to the north-east. .
