Cultural Awareness International

By taking steps to become more aware of both ourselves and others, we can strengthen our interpersonal skills. Why focus on 'culture' in the workplace? Understanding 'culture' is essential because, otherwise, it's easy for people to underestimate the impact cultural differences can have. RELATED ARTICLE: Conclusion Diverse work environments can easily pose challenges when cultural awareness is not a priority.

Cultural Awareness

It is the unseen elements of culture such as values and beliefs, that are usually hardest for people to recognise, understand and deal with. There have been by different schools of thought over the years. It covers lots of areas such as communication.

Cultural Awareness

In his first week he moves himself into his own separate office. Cultural awareness helps us move beyond this.

Cultural Awareness

However, cultural awareness is the starting point for those who do eventually reach such levels of competence. There is a good way of thinking about differences - we all wear a pair of invisible glasses that shape how we see things around us. It encompasses the behavioral traits, skills, traditions, practices, attitudes generally accepted by people without questions and often passed down from one generation to the next.

Cultural Awareness

This lesson from the Advanced C1 level of and Level 2 of explores techniques for teaching cultural awareness, providing recommendations for projects with international peers and colleagues.

Cultural Awareness International

In fact, workers in inclusive teams are twice as likely to receive regular career development opportunities. If you think of, what we see of a culture

is tiny in comparison to what we cannot see. Acknowledging and reconciling those subtle differences can improve communication and lead to a more motivated workforce.

The Importance of Cultivating Cultural Awareness at Work

One of the easiest ways to create problems with an individual or a people is to undervalue their cultural beliefs and practices.

Cultural Awareness International

It is also very beneficial in learning processes. In fact, anyone with any level of cultural diversity within their roles will benefit as cultural awareness is about helping people get along without confusion, misunderstandings or poor decisions getting in the way.
