higher than the world average with FWCI scores of 1.

Researcher mobility at a US research

I work on weekends mainly when I am on conference travel. The European Green Deal is a comprehensive response to the immediate climate emergency threatening the planet. A system of grants for the transfer of knowledge and technologies, in particular to SMEs, could thus be set up.

Raising researchers' voices in Europe

The European Union is beginning to build strategies in many of these areas but, critically, they occur within a separate portfolio, that of Employment and Social Affairs, while the Blue Card proposal comes from the Justice, Liberty and Security Directorate General. Southern and eastern neighbourhoods The was amended to include the people of Western Sahara, paving the way for restarting talks on deepening the EU—Morocco trade agreement.

Leaving or staying

Previous studies have also documented that research collaboration and knowledge exchange are facilitated by geographic proximity as well as economic, socio-political, language, institutional ranking, and other researcher attributes such as seniority, reputation, and productivity ;.
