Beginning his history in the medieval period, Edward Higgs reveals how it was not the Industrial Revolution that brought the most radical changes in identification techniques, as many have assumed, but rather the changing nature of the State and commerce, and their relationship with citizens and customers. Extends from about 795 to 1014; compiled from contemporary sources, probably at the end of the 11th century, by some one who witnessed the exploits of Brian Boru d. The work also contains much information concerning the Bishops of Winchester.
