### Corruption in Indonesia: causes, forms, and remedies

The anarchy, competition, and insecurity led to the demise of the first republic. The national government oversees much of the country.

### Top 40 Most Popular Case Studies of 2017

Somalia has established national security forces, which include Army, Navy and Air Force. The framing of peace can be used to manipulate populations for advancing certain socioeconomic and political goals.

### Ethnic Conflict Management in Africa: A Comparative Case Study of Nigeria and South Africa

It also helped to inculcate a commitment to accountability and transparency into South African public life. The notion that modernity would result in smooth transition from gemeinschaft community to gesellschaft association, with gradual dissolution of ethnic affiliations, simply did not work.

### Corruption in Indonesia: causes, forms, and remedies

Ministers and Parliamentarians worked to identify priority actions for the JNA, which emphasizes the consultation process as the key to successful implementation.
