And while you have to balance your life and leave the hospital behind, you also have to somehow adapt to always being a nurse first. So, if we don't understand how the large picture of healthcare works, there is no way we can change the way we deliver our care in order to make a difference at the unit-level. Leaders as coaches show that they value employees.

### **NURSING STAFF DEVELOPMENT STRATEGIES FOR SUCCESS**

There are a few qualities shared by all successful nurses. As hospitals and health systems strive to improve patient care, an emphasis is placed on adopting an organization that works to create an environment in which potential problems are anticipated, detected early, and nearly always addressed early enough to prevent catastrophic consequences.
