The Newly Qualified Nurse's Handbook

The level is suitable for all nurses in practice, including qualified and student nurses, as well as those taking Supplementary Prescribing Courses and will also be useful to other healthcare professionals. It is not a primer on clinical skills but an indispensable handbook and resource for the new nurses who are about to embark on their first job and need to develop nursing judgment and the ability to organise and deliver care. If you believe in yourself and your capabilities, other people will recognise your confidence and feel able to follow your lead, making delegation easier and more successful Maxwell, 2007.
