British Gas: Why are workers on strike from today?

Suicide is, after all, the opposite of the poem.

British gas workers strike again from 20 January

The British named it Hun Stuff HS and French named it Yperite. At this time Plath and Hughes first met the poet, who admired their work and was to remain a lifelong friend. The aim was to reduce injuries and fatalities from explosions and carbon monoxide poisoning.

People Lab

In nuclear power plants energy is produced by splitting uranium atoms — a process called fission.

Britain's Rumour Factory

Plath also used the novel to highlight the issue of women in the workforce during the 1950s. Her stay at and her Smith Scholarship were paid for by, who had successfully recovered from a mental breakdown herself. S10s were issued to British nationals in during the and were marked by a blue coloured PSM Primary Speech Module fitting or a blue painted spot on the forehead.
