A Cross

How we see ourselves shapes our lives, and is shaped by our cultural context. For example, studies have shown that North Americans have a strong future orientation, whereas the Chinese are predominantly past-oriented.

Table of Contents: Cross

American Psychologist, 44 4, 709-715. A new theoretical model of collectivistic coping.

A Cross

First, self-esteem has been used as an indicator of validity for the FTP scale in several studies e. She tells us that nobody should be our boss and that we should refuse to abide by the judgments of others.

ERIC

Realizing an Enabling Environment for Adolescent Well-being: An inventory of laws and policies for adolescents in South Asia, UNICEF Office of Research — Innocenti, Florence. Considered in these pages are cross-cultural differences in the idea of the person and in models of balancing obligations to the self, family, and community.
