Early Christian Art

Doubtless the first churches in the real sense of the term were constructed under the reign of 222 —235 ; at least, according to Origen, his successor Maximinus had them burned. Early Christian art, also called Paleo-Christian art or primitive Christian art, , and from the beginnings of until about the early 6th century, particularly the art of Italy and the western Mediterranean.

Early Christian art and architecture

Free-standing statues that are unmistakably Christian are very rare, and never very large, as more common subjects such as the were symbols appealing to several religious and philosophical groups, including Christians, and without context no affiliation can be given to them.

early christian art essay

The others bear traces of Roman influence, yet something of the Oriental style is also apparent, notably in the hieratic quality of certain poses.

Essay on Early Christian and Byzantine Art

Some of these were very extensive in scale and detail.

Essay on Early Christian and Byzantine Art

It seems quite certain that there were numerous Constantinian churches in Palestine and Syria. Sarcophagus of Junius Bassus — Early Christian Art The earliest sculptures stuck to the motifs of classical art, in part to disguise Christian figures as classical ones. They provide an important record of some aspects of the development of Christian subject matter.
