Creating a Productive Writing Environment

I learn about their daily life, their fears and hopes, what they are interested in, the news they read. I try to never do this when others are with me, since I love living in the moment. At our firm— Bonako a mobile games and app-development company — it is our platform for continuous education for staff; it is what we use to access training materials from all over the world.

10 New Innovations That Could Change the World

Phones get wiser and people gets lazier. Developing games and apps requires varied expertise, and collaboration is key. The next 10 years will be critical for our preparations.

How Fan Fiction Improves Writing

The seamlessness and timeliness of casual connections made stronger still amazes me. The alternatives to the institutional churches are even more grossly disappointing, from TV evangelists with their blown-dry hairdos to California cults led by prosperous gurus ignored in India but embraced in La Jolla.

Clive Thompson on the New Literacy

The week before I was able to carry a message about business intelligence into a meeting with government officials as a result of the analysis I did of the public documents posted by the School of Public Service on their web page.
