### Ken Sculpture: A Retrospective

LeWitt's art is not about the singular hand of the artist; it is the idea behind each work that surpasses the work itself.

### Brooklyn Museum: Kehinde Wiley: A New Republic

In a shift away from his well-known geometric vocabulary of forms, the works LeWitt realized in the late 1990s indicate vividly the artist's growing interest in somewhat random curvilinear shapes and highly saturated colors. The exhibition traveled to the , and , New York.
