Bus services such as Greyhound and Premier Motor Service also service the town due to its location on the A1 Bruce Highway, it is also the first town tourists visit heading north in the region. In her desperation Ceres angrily stopped the growth of fruits and vegetables, bestowing a malediction on Sicily. Eve and Proserpine both represent females banished for their sin of tasting a forbidden fruit.

Proserpina

Rossetti often created replicas of his paintings, and Proserpine is one of the most famous examples. His little girl was driving home their two goats, and as she passed the goddess, who appeared in the guise of an old woman, she said to her, Mother, and the name was sweet to the ears of Ceres, why do you sit here alone upon the rocks? The little brown seeds that had lain asleep so long sprouted up and grew; the fountains sent up their waters; the brown grass on the hills became green; the olive trees and the grape-vines put out new leaves; the lambs and the kids throve, and skipped about more gayly than ever; and all the hosts of little birds came back with the crane of Ceres to lead them.

Persephone

Proserpine herself is primarily described as a harbinger of death, but this symbolic significance is also contrasted with her association with spring and rebirth.

Proserpine, 1874

Then said he, Come with us, and despise not our humble roof; so may your daughter be restored to you in safety. Through 1955 she operated at the Amphibious Base, Little Creek, Va.
